Explore the best, hands-on AI tools for enriching EL teaching and learning. This highly practical day is filled with real-world applications, offering you strategies to greatly enhance your lesson delivery, student interaction, and assessment. Seamlessly integrate AI into your teaching practice to better meet the unique needs of your ELs and reduce your administrative workload. You will also gain access to James' comprehensive digital resource handbook, filled with actionable AI tools, prompts, and strategies tailored specifically to EL educators. **Join James to unlock the full potential of AI in your work with English Learners. His goal is to equip you with the knowledge and tools to not only enhance your teaching, but to inspire and empower your ELs in new and exciting ways.**

Uniquely Qualified Instructor

JAMES MAY is a nationally recognized, award-winning EL teacher and digital innovator. He loves equipping educators with the latest, best tech tools and strategies for strengthening the learning and engagement of ELs. The advent of AI tools has been a game changer. His passion for digital innovation and his desire to share what he has learned is fueled by many years of experience. James is also the author of *Using AI Tools to Increase the Success of ENGLISH LANGUAGE LEARNERS and Enhance Teacher Productivity,* the extensive digital resource handbook you will receive at the seminar. The information you learn at the seminar will be outlined in the digital resource handbook for easy reference when you return to your classroom, and you'll receive special online access to his companion website. **Join James for a day full of powerful strategies and AI tools you can use immediately to better meet the unique needs of your English Learners.**

Dear Colleague:

With technology advancing faster than ever, I know it can feel overwhelming to keep up with the latest innovations while also meeting the diverse needs of our English Learners. Fortunately, you can do both!

Artificial Intelligence has emerged as a game changer in education, especially in working with our English Learners. The right AI tools and prompts can provide the personalized and inclusive learning experiences our ELs need and deserve.

But I get it – who has time to master new tech tools when you already have a full plate? That's exactly why I'd love for you to join me for this seminar!

This isn't your typical PD session. Together, we will:

- Discover AI apps and prompts that adapt to your ELs' needs so no one falls through the cracks
- Learn timesaving tricks to integrate AI into your workflows: more impact and less work for you!
- Connect with other EL educators to swap the latest, best AI ideas
- Explore how to use AI ethically to benefit all your ELs
- Leave armed with hands-on experience and an extensive AI for ELs digital resource handbook
- And much more!

This is a rare chance to be on the cutting edge and get the practical skills to back it up.

I hope you'll join me for a day of inspiration, collaboration, and fresh ideas you can immediately use. Let's show our English Learners how bright the future can be!

Sincerely,

James May

James May

P.S. **This is PD that inspires, not expires. Walk away with more than just ideas – get real AI tools to greatly enhance your EL instruction and your productivity!**

"Artificial Intelligence has emerged as a game changer in education, especially in working with our English Learners."
