A Message From Seminar Leader, Elena Buckner

Uniquely Qualified Instructor

ELENA BUCKNER is a nationally recognized, innovative, and engaging World Language educator. She presents nationally on practical, implementable strategies for World Language classrooms and curriculum design, drawing on ACTFL's Core Practices and Proficiency-Based Language approaches. Elena is known for her expertise in helping teachers integrate powerful tools that significantly strengthen language acquisition and proficiency in their students. Elena is also the author of *Using AI to Increase WORLD LANGUAGE Student Proficiency and Teacher Efficiency (Grades 6-12)*, the comprehensive digital resource handbook you'll receive at the seminar. Join Elena for a day packed with outstanding, engaging ideas that you can use immediately to boost communicative proficiency in your World Language classroom.

Dear Colleague:

Many of us in the World Language classroom face similar challenges – juggling diverse student needs, limited resources, and keeping everyone engaged in a fast-paced world. But what if there was a way to significantly improve our teaching and make language learning truly rewarding for our students?

The exciting world of AI offers innovative tools that can personalize learning for each student, boost engagement with interactive activities, and even free up valuable time for more interaction and individualized instruction.

As a fellow World Language educator who is constantly exploring new ways to enhance learning, I've seen firsthand how AI can transform the classroom experience. That's why I'm thrilled to invite you to a special one-day seminar where we'll introduce you to the world of AI advancements and explore how they can specifically benefit your classroom.

Here's what you can expect:

- Discover cutting-edge AI tools designed to significantly improve student proficiency in all four language skills: speaking, listening, reading, and writing.
- Learn practical strategies to personalize instruction and cater to every student's learning style and pace.
- Explore interactive AI-powered activities that will make language practice engaging and effective.
- Uncover timesaving AI resources that will streamline your workload and free up precious time for what matters most – connecting with your students and fostering their language development.

Whether you're a seasoned veteran or just starting out, this seminar has something for everyone. Join me on this journey as we unlock the potential of AI to revolutionize our language classrooms and empower our students to reach their full potential!

Warmly,

Elena Buckner

P.S. Join me for an idea-packed AI day! Be ready to leave with fresh, practical ideas you can implement in your World Language classes immediately!

"Discover cutting-edge AI tools designed to significantly improve student proficiency in all four language skills: speaking, listening, reading, and writing!"
