

Using AI Tools to Increase PHYSICAL EDUCATION Learning and Enhance Teacher Productivity (Grades K-8)

A Unique One-Day Live Online Seminar Presented by

Joanne Margaret Hynes-Hunter

Outstanding Physical Educator, International Presenter
and Author

Specifically Designed for Grades K-8 Physical Education Teachers
and Specialists

Learn to make the best use of Artificial Intelligence (AI) tools through hands-on experiences using powerful strategies and protocols to enhance student engagement and learning in your grades K-8 physical education and adapted PE program

Pitfalls to avoid and solutions to ethical concerns using AI-powered tools and resources for physical education programs

Discover highly practical ways to **increase teacher efficiency and productivity using AI**, including automatic grading/feedback, creating assessments, rubrics, unit/lesson plans, in-class posters, event fliers, bulletin board pictures, generating IEPs, and much more!

Receive a comprehensive digital resource handbook packed with AI tools to streamline administrative tasks, enhance instruction, and elevate student learning in physical education

LIVE ONLINE SEMINARS

November 20

9 AM Eastern, 8 AM Central,
7 AM Mountain, 6 AM Pacific

December 1

your convenience (see page 6)

*"This was an excellent
seminar. I have so many
great tools to check out
and work with!"*

– JENNIFER VANDENBURG, PE TEACHER

Ten Key Benefits of Attending

'Very useful tools and high-energy instructor. I most definitely will use this information in the future!'

– KACIE WHIPPS, PE TEACHER

Who Should Attend

Grades K-8 Physical Education Teachers and Specialists

1. **Make Best Use of AI Tools In Your Physical Education Program**

Essential, practical ways to harness AI tools in your physical education program ... Explore the best, most useful FREE AI tools for increasing student learning while increasing your productivity

2. **Quickly Create Highly Engaging and Quality Physical Education Lessons**

Enhance students' interest and motivation by easily curating standards-based physical education content ... Construct fun, highly engaging learning activities – with just a few clicks

3. **Increase Your Own Productivity and Efficiency**

Use FREE AI tools to improve your efficiency by automating administrative tasks such as writing emails/letters to parents, lesson planning, and creating content materials like worksheets and rubrics ... Regain valuable teaching and learning time

4. **Easily Differentiate Your Instruction**

Customize instruction for ALL students, making PE more inclusive and accessible, including for students with disabilities, motor delays, language barriers, and advanced skills ... Promote active learning and improve retention of key concepts, while better addressing physical, cognitive, and social-emotional needs

5. **Promote Innovation in Your Physical Education Program**

Explore specific cutting-edge AI tools perfect for grades K-8 PE that foster creativity in teaching and learning ... Create skill performance videos that automatically translate with lip syncing while retaining the speaker's original voice and turn any YouTube video into a quiz – your students will thank you!

6. **Enhance Student Engagement and Learning with AI-Powered Gamification, Escape Rooms, and MORE!**

Implement AI as a virtual coach, providing individualized guidance to students during physical activities and exercises ... Generate extraordinary standards-based learning experiences, including gamification, escape rooms, virtual field trips, themed field days/stations, while integrating academic subjects with PE such as reading and STEM – making your PE program more interactive and engaging

7. **Inspire Your Unmotivated Students Using AI**

Learn how to use AI to encourage unmotivated students and foster a love of physical activity that extends beyond school and into everyday life

8. **Invigorate Your Assessments with AI Power**

Integrate AI-powered tools that automatically grade tests (including essays), reducing the time spent on manual evaluations ... Explore how AI creates unique assessments and rubrics using prompts, including exit tickets, retrospective activities, simulations, and more

9. **Avoid and Address Potential Pitfalls and Ethical Concerns**

AI opens exciting new opportunities but also raises new challenges ... Explore solutions to potential pitfalls and ethical concerns, and ways to promote the responsible use of AI among your physical education students

10. **Extensive AI in PE Digital Resource Handbook and Special Online Access**

You'll receive a highly practical digital resource handbook packed with FREE AI tools, bots, apps, prompt library for physical educators, and resources perfect for using AI in your physical education program to increase student learning and enhance teacher productivity ... Receive special online access to Joanne's Google Drive full of additional digital resources tailored to PE and national/state standards

Outstanding Strategies You Can Use Immediately

What You Will Learn ...

- **The best, most useful AI tools** to enhance instruction and productivity, and increase students' learning in your K-8 physical education program
- **How to integrate AI** into your PE curricula ... you need not start from scratch – create entire curricular, unit, and lesson plans in SECONDS!
- **Ways to use powerful AI in tools your school already has** including Gamma, Perplexity, Padlet, Magic School, Brisk, and more!
- **Numerous ideas to foster creativity** and innovation in your physical education program using AI platforms and applications
- **How to craft AI prompts** so you can get the information/response you want – the first time
- **AI-driven ways to help you easily differentiate** your instruction and provide feedback to better support all students, including those with special needs, multilingual students, young learners, and students with advanced skills
- **Methods for using AI to streamline administrative** tasks like writing emails/letters to parents, grading, creating lesson plans, building tournament schedules, creating assessments, and course content materials
- **How to integrate AI into your PE program:** current developments, challenges, and opportunities
- **Ways to customize instruction** and provide feedback tailored to students' specific interests, preferences, and learning styles
- **How to save time** designing/creating event flyers, content posters, bulletin board visuals, and worksheets using AI

"Joanne provided SO much great information in this seminar! I look forward to unpacking it further in the future." further in the future."

– JULIE CAHOON, PE & HEALTH TEACHER

Practical Ideas and Strategies

This **NEW** seminar presented by award-winning physical educator **JOANNE MARGARET HYNES-HUNTER** is an exciting opportunity to explore the latest outstanding developments in artificial intelligence and their specific applications in grades K-8 physical education programs. Experience hands-on activities, demonstrations, and modeling, including ways you can use AI to save valuable time on repetitive administrative tasks such as grading, lesson planning, creating activities, and more! Examine practical ways to increase student learning and motivation using AI. Discover common pitfalls to avoid and solutions to ethical concerns using AI-powered tools and resources. You will leave with concrete, actionable strategies and skills you can implement immediately. **Join Joanne for a FUN, hands-on day filled with practical ways to make best use of AI tools to strengthen your students' learning, enhance your instruction, and improve your productivity in your physical education program.**

A Message From Seminar Leader, Dr. Joanne Margaret Hynes-Hunter

Uniquely Qualified Instructor

DR. JOANNE MARGARET HYNES-HUNTER is an award-winning physical educator and certified adapted physical educator (CAPE) recognized for her creative use of technology in the gym. Dr. Hunter has widely consulted and presented at over 200 state, national and international conferences. She has authored numerous books and articles in physical education including, *Using AI Tools to Increase PHYSICAL EDUCATION Learning and Enhance Teacher Productivity (Grades K-8)*, the extensive digital resource handbook you will receive at the seminar. Joanne's seminars are fun, practical and packed with creative ideas you can use right away. **Join Joanne for a valuable day filled with the latest cutting-edge Artificial Intelligence tools and resources you can use immediately to inspire, excite and strengthen student learning in your physical education program.**

Dear Colleague:

I want to extend a warm invitation to my upcoming seminar on the game-changing potential of artificial intelligence (AI) specifically to enhance our work as physical educators. I know firsthand the challenges we face in helping all students reach their full potential. I am excited to show you how AI can be a powerful ally in this quest.

During the seminar, we will explore the exciting possibilities of AI in all aspects of physical education, focusing on how it can enhance student learning and performance. Additionally, we'll examine how AI can greatly reduce the workload of time-consuming administrative tasks, such as writing emails/letters to parents, lesson planning (including gamification, escape rooms, themed field days, and integration with academic areas), grading, assessment/rubric creation, IEP development, flyer design, producing skill-based content videos, and much more – all in just SECONDS!

Through interactive and hands-on activities, we will explore practical strategies to help you easily integrate AI tools into your everyday work as a physical educator. You'll receive valuable resources including a digital handbook filled with practical tools, ideas, resources, updated apps, prompts for PE use, and an Annotated Bibliography spreadsheet, updated with FREE AI tools you can apply immediately in your own physical education setting.

Join me and learn how to unlock the potential of AI in your grades K-8 physical education program. Gain the knowledge and tools you need to stay ahead of the curve in the rapidly evolving world of AI. Both you and your students will be happy you did!

Sincerely,

A handwritten signature in black ink that reads "Joanne Hunter".

Joanne Margaret Hynes-Hunter

P.S. In this active, hands-on seminar, you'll learn practical ways to use AI in your physical education program and will leave ready to hit the ground running!

"Through interactive and hands-on activities, we will explore practical strategies to help you easily integrate AI tools into your everyday work as a physical educator."

What Your Colleagues Say About Joanne Hynes-Hunter

*"Joanne's seminar was very helpful and engaging, with **many hands-on activities and practical tools**. I especially appreciated learning about new AI tools I can easily integrate into my lesson planning."*

– Corina Lupascu Costan, PE & Health Teacher

*"This seminar was everything I was hoping it would be! **This will be very helpful going forward**. Thank you, Joanne!"*

– Carolyn Asciolla, PE & Health Teacher

*"**Joanne shared a lot of great information**. I'll definitely use a few of these tools and then more down the road as I get more comfortable with them."*

– Jeff Sims, PE Teacher

*"Joanne gave me **lots of useful information for AI platforms and tools** that I can use right away."*

– Amy Fabry, PE & Health Teacher

*"I learned so many new tools and step-by-step directions. **Joanne provided detailed resources we can immediately use**. I was very impressed with the professionalism, quality and user-friendliness of this seminar."*

– Tara Chiesa, PE Teacher

About BER Seminars

Outstanding Instructors

All programs are led by outstanding, top-rated BER national trainers.

Extensive Digital Resource Handbook

You'll receive an extensive digital Resource Handbook full of practical strategies and resources.

Highly Interactive

You'll be able to ask questions, consult with the instructor, and share ideas with other participants.

Program Guarantee

As we have for 49 years, we guarantee the high quality of our programs. If you are not satisfied, we'll give you a 100% refund.

Special Benefits of Attending

*"Lots of wonderful
new tools I can use
for my classes."*

– CHRISTOPHER CHILDS,
PE TEACHER, ATHLETIC
DIRECTOR AND COACH

On-Site Training

Most BER seminars can be brought to your school or district in-person or online. See the options at www.ber.org/onsite or call 877-857-8964 to speak to one of our On-Site Training Consultants.

Extensive AI in Physical Education Digital Resource Handbook

You will receive an extensive digital resource handbook specifically designed for this seminar. Included in the handbook are:

- FREE Artificial Intelligence (AI) tools and apps you can immediately incorporate into your own teaching practice
- Full prompts and strategies for using AI tools to create engaging physical education unit and lesson plans, fliers, field day events, tournament scheduling, content/skill videos, assessments/rubrics, and activities that meet diverse student needs
- Best practices for promoting responsible use of AI in physical education
- Ways to use AI to automate otherwise time-consuming administrative tasks, giving you back valuable time

Share Ideas

This seminar provides a wonderful opportunity for participants to meet and share ideas with other educators interested in making best use of AI tools in grades K-8 physical education programs.

Consultation Available

Dr. Joanne Margaret Hynes-Hunter will be available for consultation regarding your questions and the unique needs of your own program.

Meet Inservice Requirements / Earn State CEUs

Participants of Live Online Seminars and those completing the Recorded Version online can receive a certificate of participation that may be used to verify five continuing education hours. For details about state CEUs available, visit www.ber.org/ceus

Earn One to Four Graduate Semester Credits

Up to four graduate-level professional development credits are available with an additional fee and completion of follow up practicum activities. Details may be found at www.ber.org/credit

Can't Attend?

Other Professional Development Options:

Recorded Version of the Seminar

Order the recorded version of this seminar to take online at your convenience. You'll have 90-day access to the entire course and to the extensive digital resource handbook. To enroll, see registration form on page 7, and for optional CEUs and graduate credit, please visit www.ber.org/credit

Related On-Demand Online Courses

A related On-Demand Video-Based Online Learning course, *Innovative, New Activities for Strengthening Your Physical Education Program*, for Grades K-8, is available for immediate registration. To enroll, visit www.ber.org/online
