*"Thank you for creating
a fun, interactive day
full of learning!"*

— CHELSI CARRUTH,
1ST GRADE TEACHER

Ten Key Benefits of Attending

*'Not only was a
there a great deal
of information, but
it was extremely
entertaining and
engaging.'*

– NICOLL DRISCOLL,
AIS READING TEACHER

Who Should Attend

Educators Serving Grades
K-2: Classroom Teachers,
Title I Staff, Special
Education Staff, Library/
Media Specialists, and
Administrators

- 1. Make the Best Use of Artificial Intelligence (AI) Tools in Grades K-2**
Enhance the learning experience for your young students with practical and strategic ways to use AI tools to improve their learning experience while also increasing your productivity and reducing your workload!
- 2. Learn What AI Is and What It Can Do for You and Your Students**
Explore this game-changing, innovative, new technology that can make your teaching life easier ... Learn practical ways to increase your productivity and help students learn the foundational skills they need
- 3. Quickly Generate Engaging Lesson Plans**
Need to teach, re-teach, or provide an intervention to a student or small group of students? Learn how AI tools can save you time in preparation!
- 4. Speech Recognition and Language Translation With Young Learners and Their Families**
Whether your students are learning English as a new language or just learning English as a young learner, using AI-powered speech recognition and translation will benefit your students and their families alike
- 5. Decrease Your Time Spent on Everyday Tasks**
AI tools can automate your routine processes for lesson planning, grading homework, and creating quizzes and tests, freeing up your time to focus more on your students and less on everyday tasks
- 6. Easily Provide In-the-Moment, Personalized Feedback on Student Work**
Provide in-the-moment learning feedback tailored to your students' individual strengths and challenges, helping you and your students move forward on the right track on their learning journey
- 7. Instantly Identify Students' Academic Misconceptions**
AI tools can be used to instantly assess student work and provide immediate insights about areas in which they may have a misconception – and then help you create a targeted intervention lesson, on the spot!
- 8. Create Interactive Learning Experiences for Your K-2 Students**
Learn how to use AI-powered virtual reality tools to provide your K-2 students with immersive, interactive experiences that enhance your classroom instruction and significantly boost student engagement
- 9. Use AI to Differentiate Instruction**
Harness the AI superpower of creating differentiated lessons ... Learn how to generate lessons that meet your students where they are and help them quickly move to the next level
- 10. Receive an Extensive AI Tools Digital Resource Handbook Specifically Designed for Grades K-2**
You'll receive a highly practical digital resource handbook packed with AI resources and practical applications for using AI tools to enhance student learning and increase your productivity

Outstanding Strategies You Can Use Immediately

What You Will Learn ...

- Best AI tools to **improve K-2 student learning and reduce your workload immediately**
- **Powerful prompts** to get exactly what you need from AI to help your students better learn foundational academic skills
- **Innovative ways to use AI** to engage your Grades K-2 students in learning
- **Practical AI tools** to motivate and empower your students to be more focused and attentive to learning
- AI resources that strengthen early learning **for all your students**
- Strategies for **integrating AI into your current K-2 classroom practices**
- **Streamline** your classroom management routines and administrative tasks ... Use AI to save time
- **Boost your K-2 students' creativity and productivity**
- Leverage AI to more easily **differentiate and strengthen student learning**
- More easily **support your students in need** of additional practice, review, and assistance
- Help your students **get instant corrective feedback** in every content area (or in specific areas)
- **Increase engagement and independence** through more effective AI technology practices
- **Encourage creativity, critical thinking, and collaboration** with your young learners
- How to use AI to quickly **catch and correct academic misconceptions**
- **A wealth of ways to use AI tools** to fully engage your Grades K-2 students

"Very engaging and interesting presentation! A.J. is so personable and knowledgeable!"

– SARA STIMSON, 1ST GRADE TEACHER

Practical Ideas and Strategies

This **NEW** seminar presented by outstanding educator **A.J. GALLI** will present the many benefits of embracing Artificial Intelligence tools in your Grades K-2 classroom, and practical strategies to make the most of all the tools and resources provided. This highly practical seminar will focus on ways to increase student engagement and learning through AI integration and will be focused specifically on meeting the unique needs of K-2 teachers and learners. It will also help ease your worries about what this technology means for the future of education, especially for emerging readers and writers in the primary grades. You will receive an extensive digital resource handbook with tools and resources to help you implement all the strategies presented in this innovative one-day seminar designed just for K-2 teachers!

A Message From Seminar Leader, A.J. Galli

Uniquely Qualified Instructor

A.J. GALLI is an experienced primary grades teacher, educational consultant, and national presenter. In addition to teaching, A.J. is passionate about supporting elementary school students and their teachers with innovative approaches to teaching and learning using technology such as AI tools and resources. His engaging seminars provide practical ideas for Grades K-2 teachers in any setting. A.J. is the author of *Using AI Tools to Enhance Student Learning (Grades K-2)*, the innovative, extensive digital resource handbook each participant will receive. Join A.J. for an exciting day of learning filled with lots of ideas, tools, and resources, and explore how to make AI work for you and your students!

Dear Colleague:

As a fellow educator, I understand the unique challenges and opportunities that come with teaching our youngest learners in Kindergarten through Second Grade. Our world of education is evolving quickly with the introduction of Artificial Intelligence (AI), and it's crucial that we stay ahead of the curve. I'm thrilled to share with you how AI can enhance both your teaching experience and your students' learning in very positive ways.

In this one-day seminar, we will explore the best AI tools and resources specifically helpful for primary grades teachers and learners. We'll look at how these tools can assist you with classroom management, streamline your daily tasks, support improved student behavior, and make assessments more efficient and insightful. We will also discuss how AI can help you provide more immediate and tailored feedback to your students, helping them grow and learn. As a teacher myself, I have found one of the most exciting aspects of AI is its ability to save me time and reduce my workload, allowing me the time I need to focus on crafting engaging lesson plans and more personalized small group instruction. I am excited to share with you all that I have learned and how it has benefited me and my students.

I invite you to join me for this groundbreaking seminar and learn how to harness the power of AI in your K-2 classroom. Together, we'll explore how to prepare ourselves for these advancements and leverage AI to create a nurturing and innovative learning environment for our youngest students. Get ready to be inspired by the possibilities AI offers for you and your students.

I look forward to meeting you at the seminar!

Sincerely,

A.J. Galli

P.S. Now is the perfect time to embrace AI tools and resources to enhance student learning and lighten your workload as a teacher in Grades K-2!

"These tools can assist you with classroom management, streamline your daily tasks, support improved student behavior, and make assessments more efficient and insightful."

What Your Colleagues Say About A.J. Galli

*"It was a full day of learning about AI. **Lots of hands-on, creative ideas** shared to take back to my classroom."*

– Jennifer Gold, Kindergarten Teacher

*"So happy to have attended a seminar that was **pertinent** to the teacher. I got so many useful tools - it was not a wasted day. **I can't thank A.J. enough for this information and the practical ways to use it. Clear and well done.** Thank you!"*

– Lynn Ushchak, 2nd Grade Teacher

*"A.J. is awesome! **Engaging, fun, and knowledgeable!!**"*

– Jennison Lee, 1st Grade Teacher

*"A.J. was very engaging and easy to listen to. I loved that he gave us **time and opportunities to explore and create with some of the tools that he showcased.** I also greatly appreciated his willingness to be available for questions."*

– Genna Disotto, AIS Reading Teacher

About BER Seminars

Outstanding Instructors

All programs are led by outstanding, top-rated BER national trainers.

Extensive Digital Resource Handbook

You'll receive an extensive digital Resource Handbook full of practical strategies and resources.

Highly Interactive

You'll be able to ask questions, consult with the instructor, and share ideas with other participants.

Program Guarantee

As we have for 48 years, we guarantee the high quality of our programs. If you are not satisfied, we'll give you a 100% refund.

Special Benefits of Attending

'Awesome! I really enjoyed this day of PD.'

– KELSEY MILLER, TEACHER

On-Site Training

Most BER seminars can be brought to your school or district in-person or online. See the options at www.ber.org/onsite or call 877-857-8964 to speak to one of our On-Site Training Consultants.

Extensive Digital Resource Handbook

Each participant will receive an extensive digital resource handbook giving you access to countless strategies. The handbook includes:

- Ideas and resources on how to make the best use of AI tools in your K-2 classroom
- Practical strategies and tutorials to more effectively introduce AI tools to K-2 students and your colleagues
- Descriptions and overviews of the AI tools covered in the seminar as well as additional tools to consider for specific content areas
- Examples of AI technology that help personalize early learning of foundational skills for improved student growth
- Helpful tools and resources for making AI technology work for you and your students in Grades K-2

Share Ideas With Other Educators

This seminar provides a wonderful opportunity for participants to share ideas with other educators interested in enhancing their use of AI in teaching young learners.

Consultation Available

A.J. Galli will be available for consultation regarding your questions and the unique needs of your own program.

Meet Inservice Requirements / Earn State CEUs

Participants of Live Online Seminars and those completing the Recorded Version online can receive a certificate of participation that may be used to verify five continuing education hours. For details about state CEUs available, visit www.ber.org/ceus

Earn One to Four Graduate Semester Credits

University of
Massachusetts
Global

Up to four graduate-level professional development credits are available with an additional fee and completion of follow up practicum activities. Details may be found at www.ber.org/credit

Can't Attend?

Other Professional Development Options:

Recorded Version of the Seminar

Order the recorded version of this seminar to take online at your convenience. You'll have 90-day access to the entire course and to the extensive digital resource handbook. To enroll, see registration form on page 7, and for optional CEUs and graduate credit, please visit www.ber.org/credit

Related On-Demand Online Courses

BER offers educators a wide range of online courses that are affordable, fun, fast, and convenient. BER is now offering On-Demand Video-Based courses. You may earn optional graduate-level credits for most courses. See the catalog of available courses at www.ber.org/online
