A Message From Seminar Leader, Amy Stark

Uniquely Qualified Instructor

AMY STARK is a National Board Certified Teacher, author and international presenter. Amy is currently a Second Grade classroom teacher, with more than 30 years of primary teaching experience. Drawing from her many years as a classroom teacher, Amy's live online seminars are fast-paced, interactive and highly engaging, providing you with many strategies to use tomorrow in your Second Grade program. Participants regularly praise Amy's practical, easy-to-implement and budget-friendly ideas. Amy has a wealth of Second Grade-proven strategies to help you catch up students who have fallen behind and greatly increase all your students' engagement, understanding and achievement. She is the author of *Cutting-Edge, Best Strategies for SECOND GRADE*, the extensive digital resource handbook she developed specifically for this strategy-packed seminar that you can use immediately in your Second Grade instruction.

Dear Colleague:

Teaching provides us with many joys as well as challenges. This has been especially true during our work as educators as a result of COVID-19. Like educators all around the country, I have faced these challenges on a daily basis with my own Second Grade class. I have also talked with many Second Grade teachers who are concerned about meeting the needs of all their students, especially those who are struggling or who have gaps in their learning.

I have designed this live online seminar to provide you with cutting-edge ideas, strategies, activities, and tools you can use to enhance your Second Grade program, and perfect for starting the 2021-22 school year strong! During this fast-paced, action-packed day, you will learn Second Grade-tested techniques for implementing innovative teaching practices in language arts, math, science and social studies. We will explore successful strategies to help you work smarter, not harder using the latest, best instructional practices for Second Grade. You can immediately implement these strategies and ideas into your own program, confident they will work. This is because every activity, idea, strategy, and lesson I share has been classroom-proven and tested with my own Second Grade students.

Along with the comprehensive Second Grade digital resource handbook you will receive, I will share many samples of actual Second Grade work. My goal is to give you the most practical, successful methods to apply and adapt the very best, cutting-edge teaching techniques to help you meet the needs of all your Second Grade students.

Be prepared to step into your students' shoes as I demonstrate these exciting and engaging techniques that you can take and use immediately. I look forward to sharing a wealth of ideas and teaching strategies with you that will energize you and significantly boost the achievement of your Second Graders.

Sincerely,

Amy Stark

P.S. This day will be packed with innovative, ready-to-use, inexpensive, practical ideas and activities ideal for Second Grade. Plus, you'll receive an idea-packed Second Grade digital resource handbook, and access to my online collection of ideas.

"I have designed this live online seminar to provide you with cutting-edge ideas, strategies, activities, and tools you can use to enhance your Second Grade program, and perfect for starting the 2021-22 school year strong!"
