A Message From Seminar Leader, Jaime Bailey

Uniquely Qualified Instructor

JAIME BAILEY is an outstanding presenter and a superb teacher with extensive teaching experience in Fourth Grade. Having served as a classroom teacher, literacy coach and technology specialist, her heart as well as her expertise, lies in finding innovative, unique ways to teach students the critical skills they need to succeed. Driven by her desire to stay on the cutting edge of what's new and most useful in practical educational resources, Jaime is passionate about helping Fourth Grade teachers discover the most innovative strategies and ideas to enhance their students' success. Noted for the practicality of her presentations, Jaime focuses on what works best for Fourth Grade teachers. Her seminars provide ready-to-use strategies and tools that can be used immediately in all fourth grade classrooms. Jaime is the author of *Cutting Edge Strategies for Increasing Learning in FOURTH GRADE*, the extensive digital resource handbook each participant will receive. You won't want to miss this day filled with humor, fun and a wealth of practical information that will boost your approach to teaching Fourth Grade students.

Dear Colleague:

My experience with fourth grade students has highlighted my passion for providing students with highly engaging, highly effective learning experiences. Today we are challenged to sift through the endless tech tools and determine which actually **enhance** learning rather than add more to our already very full plates. How do we best enhance the skills of our Fourth Graders and reduce the "COVID gap" while utilizing the new, free technology resources ideal for Fourth Graders?

Here are some of the topics we will uncover:

- Using the best, new digital tools to increase Fourth Graders' learning
- Creating classroom environments that increase student communication and collaboration while reducing behavior issues
- Infusing the best, new technology tools into the content areas to increase your students' engagement
- Developing your Fourth Graders' synthesizing skills
- New, classroom-tested methods that increase fourth grader's reading, writing, listening and speaking skills
- Ways to improve 21st Century Learning Skills in all of your students

During our idea-packed day, we will focus on **practical** ways to "up our game". I share which technology tools match the needs of your Fourth Graders. You will have a variety of techniques, tools, and resources to pick and choose from as you consider what you want to add to your teaching tool bag. I will model quick, simple and structured resources to increase your Fourth Graders' engagement and learning in Reading, Writing, Math, Science and Social Studies.

Join me for a day focusing on new, practical strategies to use tomorrow in your Fourth Grade classroom. I will focus on intentional practices and resources you can begin to use the very next day whether you're teaching in-person or online.

Sincerely,

Jaime Bailey

P.S. I know your time is valuable, so not only will you receive an extensive digital Fourth Grade resource handbook filled with practical strategies. You will also receive access to dozens of electronic resources organized for easy access for you and your Fourth Graders.

"You will have a variety of techniques, tools, and resources to pick and choose from as you consider what you want to add to your teaching tool bag."
