

Making Best Use of Google Classroom to Strengthen Your SCIENCE INSTRUCTION (Grades 6-12)

A Unique One-Day In-Person Seminar Presented by

Jeff Jambretz

Outstanding Science Teacher, Instructional Technology Coach
and National Presenter

**Specifically Designed for Science Educators Serving Grades 6-12:
Classroom Teachers, Department Heads, Science Specialists,
and Administrators**

Dozens of practical strategies for best utilizing Google Classroom to strengthen your secondary Science students' engagement and learning

The best free Google and Chrome web apps for enhancing instruction in grades 6-12 Science classrooms

Timesaving ways to more easily manage Science students' work in Google Classroom ... Assign, collect, grade, and give feedback with just a few clicks

Receive an extensive Google Classroom Science resource handbook and access to Jeff's specially created Google Classroom so you can immediately link to all the resources presented in this seminar

Ten Key Benefits of Attending

*"Great seminar!
Jeff provided
me with so many
concrete examples
that I am able to
apply immediately
in my Science
program!"*

– JORDANA IDDIGS,
SCIENCE TEACHER

Who Should Attend

Science Educators Serving
Grades 6-12: Classroom
Teachers, Department
Heads, Science Specialists,
and Administrators

- 1. Learn Essential Google Classroom Tips and Tricks for Enhancing Your Science Instruction**
What every grades 6-12 Science teacher needs to know about fully tapping into Google Classroom, Apps and Extensions ... The best, most useful aspects for strengthening your Science instruction
- 2. Timesaving Strategies to Boost Your Productivity AND Effectiveness**
Employ the best free Google Classroom, Chrome apps and extensions for helping you save time while increasing your effectiveness ... Explore timesaving strategies that enhance learning for your Science students and streamline your workflow
- 3. Unleash the Power of Google Classroom in Your Science Program**
Examine how to use Google Classroom to create and organize assignments, provide feedback, and communicate more efficiently with your grade 6-12 Science students ... Here's how!
- 4. Utilize the Newest Features of Google Classroom**
Google is constantly releasing new features and making changes ... Discover how to leverage the newest features of Google Classroom to benefit your Science instruction and your students
- 5. Streamline Your Workflow and Provide Feedback More Swiftly and Effortlessly**
Take full advantage of timesaving, powerful online assessment tools to direct and drive your Science instruction ... Learn essential strategies to assign documents, name and submit assignments, provide feedback, grade and return assignments, and more!
- 6. Maximize the Full Potential of Google Forms in Your Science Classroom**
Explore how fellow Science teachers are using Google Forms beyond simple survey tools ... From formative assessments and exit tickets to creating observations and data collection using mobile devices
- 7. Explore Science Teacher-Tested Google Classroom Projects and Activities**
Sample a variety of projects and activities that you can take back and customize for your Science classroom
- 8. Harness the Power of Google Classroom for Online Collaboration and Communication**
Discover practical ways Google Classroom can significantly enhance collaboration ... Improve communication and strengthen learning among students in your grades 6-12 Science classroom
- 9. Incorporate the Most Outstanding, Free Chrome Extensions for Science**
Learn how to manage your time more efficiently with Chrome Extensions ... Explore the best tools to support you and your grades 6-12 Science students
- 10. Receive an Extensive Resource Handbook and Online Access to a Specially Created Google Classroom**
You will receive an extensive resource handbook that includes detailed descriptions and practical classroom applications of each of the Google Tools and Apps presented during the seminar ... Receive access to Jeff's specially created Google Classroom filled with helpful digital links and resources

Outstanding Strategies You Can Use Immediately

What You Will Learn ...

- **Practical strategies for making best use of Google Classroom** and a variety of free Google Tools to enhance instruction in your Science classroom – whether you're teaching at school or online
- **Timesaving tips and tricks** for using Google Classroom to make your life easier, both in and out of the classroom
- **How to find, download and install the latest Chrome extensions** that are applicable to secondary Science instruction
- **Work smarter, not harder** ... Learn timesaving tips for using Google Classroom more efficiently, including self-grading, multiple-choice and project-based assessments
- How Google Classroom and G Suite can be used **to differentiate and flip Science instruction** with grades 6-12 students
- **Advanced applications of Google Classroom** to streamline your work and communicate with students and parents with ease
- **What cloud-based computing is** and how it can make your life easier in and out of the Science classroom
- How to utilize Chrome profiles to **access your bookmarks, information and files from anywhere**
- A wealth of ways to **fully engage your Science students** in productive and collaborative learning
- **How to simplify classroom management and routines** using built-in apps
- **Valuable tips to get the most from the technology you have** in your Science classroom – even if it's just one laptop, Chromebook, or tablet

"Very informative and timely. I found the tools Jeff shared to be incredibly helpful. Thank you!"

AMY SILL, SCIENCE TEACHER

Practical Ideas and Strategies

This outstanding seminar is specially designed for secondary Science educators who want to make more effective use of FREE Google Classroom and a variety of Google Tools and Apps to enhance Science learning. Outstanding secondary Science teacher and Instructional Coach, **JEFF JAMBRETZ**, will show you specifically how to make best use of the most dynamic Google Tools for secondary Science classrooms including Google Docs, Sheets, Forms, Add-ons, and more! Discover new ways to more efficiently tap into the power of online student collaboration with Google Classroom and how to take greater advantage of the most useful aspects of G Suite for Education. Jeff will share practical and timesaving strategies for streamlining everyday workflows in your Science classroom.

Whether you are brand new to using Google Classroom or are an experienced user, you'll leave this seminar with a wealth of use-tomorrow ideas. You will also receive an extensive Google Classroom resource handbook with step-by-step instructions for utilizing all the tools and apps presented in this seminar to reinforce and extend your learning long after the seminar.

A Message From Seminar Leader, Jeff Jambretz

Uniquely Qualified Instructor

JEFF JAMBRETZ is an experienced and current secondary Science teacher and Instructional Technology Coach. He is a regular presenter at seminars and workshops on highly engaging ways to use technology to strengthen Science students' enthusiasm and learning. Jeff has built a reputation for being a tech-savvy educator and skilled presenter on all things Google. He is passionate about helping fellow Science teachers discover practical ways to leverage Google Classroom, Tools, Apps, and Chrome extensions to greatly enhance Science learning in their classrooms. Jeff enjoys sharing effective ways to engage secondary Science students in tech-rich environments that develop creativity, critical thinking, effective communication, and collaboration. Jeff is also the author of *Making Best Use of Google Classroom to Strengthen Your SCIENCE INSTRUCTION*, the extensive resource handbook you will receive at the seminar. **Join Jeff for an outstanding day full of specific ways you can get the most out of Google Classroom to strengthen instruction in your grades 6-12 Science classroom.**

Dear Colleague:

How can we provide the best learning environment and experiences for our secondary Science students? How can we promote and develop lifelong learners with strong critical thinking, collaboration and communication skills? How can we keep up with implementing the latest and best technology tools in our instruction? And how can we do all this given these unprecedented times and the many challenges and time constraints we face as Science educators? What I find so exciting about Google Classroom is that it has the power to greatly assist us in achieving all these aims and more with our Science students!

I want to share the best of what I have found to be successful in my own experience as a current grades 6-12 Science teacher, and with the secondary Science teachers whom I coach and support. Discover new ways that Google Classroom can help you become more efficient and effective. Explore digital tools you can use for warm-ups, checks for understanding, formative assessments, exit tickets, for increasing students' voice and choice in Science, and so much more! My goal is to equip you with the strategies and confidence to immediately strengthen your instruction with Google Classroom. You can expect your students to come to class both excited and eager to learn Science.

I look forward to helping you discover how you can greatly enhance how you approach your daily Science instruction from start to finish. Join me for an exciting day filled with outstanding, practical and timesaving Google Classroom strategies that you can use the very next day with your Science students.

I look forward to meeting you at the seminar!

Sincerely,

Jeff Jambretz

P.S. I have personally witnessed how Google Classroom can transform Science learning. I can't wait to show you how!

"Join me for an exciting day filled with outstanding, practical and timesaving Google Classroom strategies that you can use the very next day with your Science students."

What Your Colleagues Say About Jeff Jambretz

"Jeff was simply amazing! His knowledge, humor, presentation style, and examples were priceless. I can't wait to use many of the techniques and resources presented today. Thank you so much!"

Emily Yovich, Science Teacher

*"This seminar was **one of the best workshops I have attended**. A lot of useful information and I'm very thankful for all the resources that were shared."*

Teresa Torres, Science Teacher

*"Jeff did a terrific job. He was very kind, patient, and understanding. **I enjoyed this seminar tremendously.**"*

Kelly Winter, Science Teacher

*"This workshop has truly given me a lot of **great information and skills to implement in my Science classroom.**"*

Tanuja Prabhudesai, Science Teacher

*"Very useful day! I appreciate Jeff's patience, Science knowledge, and all the great information. **He has given me greater confidence** to try new tools and use applications I was already using with a fuller potential. Thank you!"*

Tanya Brookens, Science Teacher

*"This was an **extremely informative seminar**. I learned a lot about Google Classroom and I plan to incorporate a lot of the things I learned into my teachings."*

Kristyn Polucha, Science Teacher

*"This was a very valuable training. There is **so much I can take back and apply to my classroom right away.**"*

Kelly McDonald, Teacher

*"This seminar provided a **vast array of resources to use in the science classroom**. Jeff was knowledgeable and personable."*

Christy Worhach, Science Teacher

*"This was a phenomenal seminar. **Excellent resources and very interactive**. I have already suggested it to some of my fellow teachers."*

Elizabeth Toth, Science Teacher

Special Benefits of Attending

"I loved learning not only about new tools and resources, but also how to apply these resources in my Science Classroom."

- LINDSAY TOOMEY, TEACHER

On-Site Training

Most BER seminars can be brought to your school or district in-person or online. See the options at www.ber.org/onsite or call 877-857-8964 to speak to one of our On-Site Training Consultants.

Extensive Google Classroom Science Resource Handbook

You will receive an extensive digital resource handbook giving you access to countless strategies. The handbook includes:

- Practical, timesaving strategies and ideas for integrating Google Classroom and G Suite into your Science curriculum
- Step-by-step guides for using Google Classroom and G Suite with your students
- Descriptions, images and publishers of the newest, most effective Chrome Extensions for grades 6-12 Science classrooms
- Tips and tricks for using Google Classroom, Google Drive and other resources to enhance Science instruction
- "How to" screenshots of a variety of apps and extensions perfect for Science classrooms

For in-person seminars, registrants will also receive a printed copy of the resource handbook as long as their registration is received in the BER office at least 15 calendar days before the event.

Consultation Available

Jeff Jambretz will be available at the seminar for consultation regarding your questions and the unique needs of your own Science program.

Meet Inservice Requirements / Earn State CEUs

Participants of In-Person Seminars and those completing the Recorded Version online can receive a certificate of participation that may be used to verify five continuing education hours. For details about state CEUs available, visit www.ber.org/ceus

Earn One to Four Graduate Semester Credits

Up to four graduate level professional development credits are available with an additional fee and completion of follow-up practicum activities. Details for direct enrollment with Brandman University, part of the Chapman University system, will be available at this program.

Can't Attend?

Other Professional Development Options:

Recorded Version of the Seminar

A video recorded version of this seminar will be available to take online at your convenience. You'll have access to the entire course and to the extensive digital resource handbook. Optional CEUs and graduate credit available. To enroll, see registration form on page 7.

Related On-Demand Online Courses

A related On Demand Video-Based Online Learning course, *Help Your Students Master the Next Generation Science Standards: Practical Strategies and the Best, New Tools*, for Grades 6-12, is available for immediate registration. To enroll, visit www.ber.org/online
