You'll have access to an extensive digital resource handbook before, during and after your institute.
- **Highly Interactive**
You'll be able to ask questions in real time and interact with the instructor and other participants
- **Program Guarantee**
As we have for 44 years, we guarantee the high quality of our programs. If you are not satisfied, we'll give you a 100% refund

Learn and build the necessary foundation for training paraprofessional staff in effective

Skilled paraprofessionals are critical to the success of students with special needs across all educational settings. Participants attending this unique train-the-trainer institute will learn the key components for an effective training program for paraprofessionals which can then be delivered as a staff development framework that fits the schedule according to each school's or district's unique scheduling and training needs. The following key components are included in this three-day train-the-trainer institute.

Increasing the Effectiveness of Paraprofessionals

- Guidelines for adapting curriculum and modifying instruction and assignments
- Developing a clear understanding of the importance of student independence
- Practical ways to increase student independence through the use of a "prompt hierarchy"
- Effective, easy-to-implement methods for collecting data
- Tips for developing student portfolios that reflect student progress and student needs

Working Effectively with Other Adults

- Effective instructional techniques for two adults working with students in the same learning environment
- Improving job satisfaction by taking the stress out of working in complicated, demanding instructional situations
- Tips for effective collaboration with other school staff and related service providers

Working Effectively with Students

- Innovative techniques to maximize the support you give to students with special needs **including helping catch up those who have fallen behind during COVID-19**
- Key ways to adapt curriculum and modify instruction
- Highly effective techniques to foster and maximize student independence
- Use of a "prompt hierarchy" to improve requisite learning behaviors essential for becoming lifelong learners
- Ready-to-use approaches to reduce the intensity, frequency and duration of prompts and supports
- Use effective strategies for encouraging student participation in classroom discussions and cooperative work groups
- Key ways to avoid "giving answers" to students
- Proven ways to facilitate students' interactions and friendships with peers
- Real-life examples of techniques for fostering student independence in students with special needs
- Highly effective ways to build student confidence and self-esteem
- Outstanding suggestions for managing and improving student behaviors

Video of Strategies in Action to Demonstrate Effective Teaching Practices

- Best practices for using video to train others in-person and online
- Outstanding training tips and a resource kit to train others (each participant will receive ALL video presented at the institute to use in their own training)

Receive Comprehensive Training Resources

All participants will receive a valuable package of resources including:

- **Three-Year Subscription to Best-Selling Professional BER Paraprofessional PD Resource Kit with Streaming Video** used throughout the training. Streaming videos contain the video footage needed for a complete paraprofessional training for your school and district demonstrating best practices
- **Comprehensive Paraprofessional Digital Resource Handbook** filled with material to reinforce and extend learning and help train others
- **Detailed Digital Trainer's Guide** that walks participants through the delivery of the program including a PowerPoint presentation adaptable for immediate use
- **Tips and strategies** for successful presentation

practices Innovative, Video-Based, Hands-On, Train-the-Trainer Opportunity

Featuring Two of the Nation's Top Experts in Working with Students with Special Needs

Catherine Wilson is an outstanding special educator, consultant and national presenter, who is known for her enthusiasm and practical ideas for teaching students with disabilities. She has a wealth of strategies for to help maximize the full potential of paraprofessionals who work with students with special needs. Catherine brings an extraordinary passion for meeting the needs of all students through specially designed instruction, appropriate access and supports that shift the focus from student “disabilities” to student “abilities.” Through her work as an Access to General Curriculum Specialist, Catherine co-authored *Grading and Progress Monitoring for Students with Disabilities, A Resource for Teachers*. Catherine is known for her practical and innovative strategies in the area of inclusive practices.

Petra Nelson has more than 30 years of grades PreK-12 experience and has worked in self-contained, resource and co-taught special education settings. She has worked with thousands of teachers, administrators and paraprofessional in all areas of special education, including specialized instruction, behavior support, inclusive practices, transition programs, differentiation, multi-tiered systems of support, administrative procedures and co-teaching implementation. Petra knows firsthand the challenges facing

paraprofessionals and is passionate about providing real, practical, high-leverage practices maximize their effectiveness working students with special needs.
