Dear Colleague:

Today, more than ever, our grades K-6 students need rich opportunities for communication, collaboration, creativity, and critical thinking. The good news is that there are a ton of terrific Google and Ed Tech Tools that can promote exactly this kind of learning in your online classroom. And finding and learning how to best use these tools for distance learning does not need to be a daunting or challenging task. I can help you!

As an experienced distance learning and elementary school teacher, I have personally witnessed the power of Google and Ed Tech Tools to transform and strengthen my instruction. I have designed this day specifically with you in mind. I am excited to share the best of what works and what does not, based on my extensive use of these innovative tools with my own students, and in my training and coaching support of other grades K-6 teachers.

In our day together, I will share the best, most innovative distance learning technology tools, specifically for your grades K-6 program. Prepare to discover a wealth of outstanding ways you can easily increase student engagement, effectively differentiate, and provide real-time formative assessment and feedback while in distance learning. Best of all, the tools and strategies I share will allow you to be more efficient and effective, ultimately saving you valuable time. No matter your experience level with distance learning or these tools, I look forward to helping you discover effective, practical, timesaving tools and strategies you can use immediately to enhance your online instruction. You will leave with a wealth of tools and strategies perfect for maximizing the success of your grades K-6 students online.

I look forward to spending the day with you!

Sincerely,

Christalle Hart

P.S. I have personally witnessed how Google and Ed Tech Tools can transform grades K-6 distance learning. I can't wait to show you how!

"I am excited to share the best of what works and what does not, based on my extensive use of these innovative tools with my own students, and in my training and coaching support of other grades K-6 teachers."
